Gen. Builer and the Women.—The order of Gen, Butler in relation to the women who insult our soldlers in New Orleans has been sharply oriticised. A gentleman just returned from that city, where he has rasided ever since the warbroke out, says we can have no conception of the indignities our brave fellows are compelled to suffer at the hands of these fiends in petiticants. All sense of shame and decency appears to have departed out of them. They rival the most degraded attest-walkers, not only in ribaldry, but in obscenity.

Women who have been regarded as the pattern of refinement and good breading, indulged in language toward our officers and men which no decent journalist would dare put; into print. Presuming upon the privileges of the sex, they not only assail them with the tongue, but with more material weapons. Buckete of slops are comptied upon them as they pass; decayed oranges and rotten eggs are hurled at them; and every insult a departed fancy can invent, a offered to the hated Federals.

The forbearance of our troops, this gentleman says, is wonderful. They endure the jibes and persecutions of these unexxed wretches with philosophy that nothing can overthrow. But the nuisanch was fast betting intolerable. The offenders were presuming upon the chiralry of troops to commit physical asseults. Something like the order of Gen. Gutter became imprative. If women presending to be decent. the order is two. Outer seades imposed, it was the conduct of "women of the town," it was proper that something like the same punishment should be moted out to them.—Albany Evening Journal.

The Capture of Mamphis.

REBEL ACCOUNT OF AFFAIRS

New York 10th.

The Petersburg Express of the 5th, states that Gen. Leo is in command of the Rebel Army in consequence of a slight wound received by Gen. Johnston.

The Richmond Examiner admits that Johnston was wounded and that it is a great disaster to the rebels and says the whole affeir seems to have lost its purpose and plan when his animating mind was withdrawn and that the spirits that went up in fiery shouts of Saturday came flabbing down into indifference on Sunday. Nevertheless it says the enemy was whipped.

Rebel despatches from Jackson Miss., 29th says it is understood that a few shots were fired from the Yankee squadron at Wicksburg on the previous night. No injury was done. On the 28th the bombardment was resumed.

Last night it was supposed no gerious

On Sunday the enemy onne up to land troops at Grand Gulf, and marched through Port Gibson. Our people drove them back with considerable loss killing and wounding about 100.

The Mississippina learns that the federals demanded the surrender of Hackins' Battery, threatening in case of refusal to devasants the whole country around Grand Call.

A despatch from Fort Gibson 31st says all is quiet at Vicksburg, the federal boats have writed have retired.

Haron Houge, 29.

The federals attempted to land troops at the garrison yesterday morning in small boats. Just as they were about to land a Confederate company fixed on them, when without giving timely notice the federals to commenced throwing shot and shell into the Liver, One of the missies struck that Harry House. Many other nouses were

The federals are now landing troops. A confederate force being near the city, hot work will soon commenced.

The Mobile Advertiser has a private letter from Eort Gaines dated 30th ult, which says that 16 federal vessels had passed the

Phoy. Wood's Risstorative Coedial.—It is recorded in the Classics that Pyscho was once sent to a climate warmer than the West Indigs, to procure a sample of the beauty of Proporties in a box. After some delay the messenger returned, and as soon as the lid of the box was removed, out flew all the ills that flesh is helr to. Fortunately hope was found in the bottom of the box. Prof. WOOD's Restorative Cortial reviva the received of the story, for it in signates the blood, aids the organs of digeston, imparts attength to the nervous system, and fortifies the citade of health, so as to bid defiance to the assaults of disease. It is a healthy tonic, composed entirely of rogetable productions, and while it is exhibitating as pure wine, no injurious results can possibly follow its use. It is a dealteratum in the medical world, and those who are affiliated with loss of appetite, Dyspepia, Consumption; Faintness, Griddiness, Neuralgis, Palpitation of the Heart, &c., will find here an infallible panacea.—

PROP. WOOD's RESTORATIVE CORDIAL AND Bucon REMOVATON is, without doubt the best tonic Gordial in the world. To those who are suffering from General Debility, we would recommend its use, for it is pleasant to the taste, is strengthening to the system, and will at once tend to remove all importises of the blood, and eradinate all traces of disease. It can be taken by the weakest some feet its exhibitating power. We are confident that after using one bottle of this Condial none will be for a day without it.—
